CITY COUNCIL INFORMATIONAL MEMORANDUM

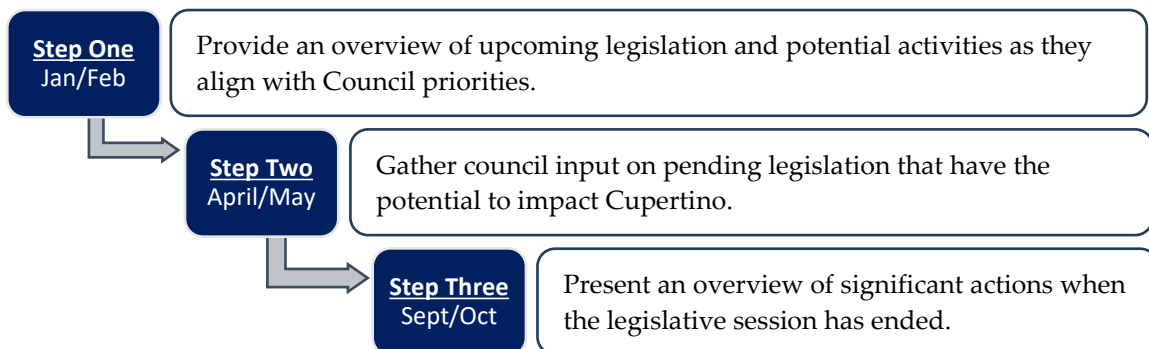

Date: February 13, 2025

To: Cupertino City Council
From: Pamela Wu, City Manager

Re: Legislative Update –The 2025 Legislative Session

Background

The Legislative Advocacy Policy (Attachment A) sets forth a framework for the City to engage in legislative activities. Cupertino's legislative process includes the following three-step approach that is strategically timed to coincide with key milestones in the legislative process:

Throughout the 2024 Legislative Session, the City Manager's Office (CMO), City Attorney's Office, and the City's Lobbyists monitored and researched pending legislation and completed all three steps as part of Cupertino's Legislative Process. All materials and information related to the 2024 Legislative Session can be found on the City's [Legislative website](https://www.cupertino.gov/Your-City/City-Council/Legislative-Activity)¹.

Collaborations and Partnerships

CMO staff and the City Attorney's Office, in collaboration with the City Council, are the core team and are primarily responsible for all legislative activity and bill tracking within Cupertino. CMO staff also works with all City Departments to gather input on bills related to specific focus areas to determine potential impacts of legislation on Cupertino. The City

¹ <https://www.cupertino.gov/Your-City/City-Council/Legislative-Activity>

remains under contract with Joe A. Gonsalves & Son, a state lobbyist, to maintain a presence in Sacramento and to remain apprised of key legislative activity.

To track and drive legislation, staff also participates with a number of coalitions and tries to find alignment with different groups such as: Cal Cities, SCC legislative coordinators, MTC, ABAG, Valley Water, Mid Pen Housing, and others.

The City's lobbyist, Joe A. Gonsalves & Son, actively track and advocate on behalf of the City on all bills where the City adopted a position. This includes private meetings with legislators, staff and pertinent committee consultants, as well as any necessary state agency and/or Administration related advocacy.

Council and Community Engagement

The City's [Legislative Activity website](#)² is regularly updated to include all legislative updates and a legislative bill table for each year. Council and residents are always welcome to submit inquiries on pending legislation to Senior Management Analyst, Astrid Robles at astridr@cupertino.gov. All inquiries will be forwarded to the City's lobbyist and responses will be provided in a timely manner.

Legislative Priorities

In 2025, staff will continue to monitor and research bills using the legislative priorities, below, that align with the Council adopted goals of Public Engagement and Transparency, Transportation, Housing, Sustainability & Fiscal Strategy, and Quality of Life. The City will support legislation that:

1. Helps Cupertino build a fiscally sustainable and resilient community.
2. Furthers the health and wellbeing of Cupertino community members and enhances public engagement and transparency.
3. Promotes Cupertino's infrastructure needs, especially as they relate to transportation and housing.

Should the Council adopted goals change at the next Council priority setting session, staff will follow the new goals as guiding principles for the City's advocacy work. Staff will continue to focus on regional coordination with our legislative teams, raising the profile of Cupertino, as well as making a pointed effort to expand our alliances and our work with coalitions. Considerable effort will be spent to continue to protect the city's tax revenue and watch bills that might affect our ability to operate and provide services.

The 2025 Legislative Session

This year's Legislative session began on January 6 with minimal activity around the introduction of bills. The ongoing impact of widespread fires across the state has shifted the focus of many legislators, leading to fewer bills being introduced at this early stage of the session. The Assembly has reduced its initial number of bills from 50 to 35, while the Senate has similarly trimmed its slate of bills from 40 to 35. The deadline for bills to be formally

² <https://www.cupertino.gov/Your-City/City-Council/Legislative-Activity>

introduced is on February 21, 2025. All bills are Constitutionally required to be “in print” for 30 days before they can be heard, therefore the first policy committee hearings will begin to ramp up in late March, early April. The full 2025 legislative calendar is provided as Attachment B.

The November 2024 election continues to loom large over the 2025 Legislative session as the State prepares to protect California’s values against President Trump’s anticipated actions. The Governor and Legislature will continue to combat a projected \$20+ billion structural budget deficit with a continued focus on housing, affordable housing, homelessness, and Proposition 36 implementation/public safety.

This year, the Assembly has 23 new members, and the Senate has 12 new members for a total of 35 new State Legislators. Of the 12 new members in the Senate, 8 have previously served in the Assembly. With all of these changes, Cupertino now has two new representatives, Senator Becker and Assemblymember Ahrens.

Senator Becker

Senator Becker represents the residents of California’s 13th Senate District, which includes Cupertino, northern Santa Clara County, and most of San Mateo County. Cupertino was previously represented by Senator Cortese, in District 15, prior to the 2024 redistricting that was redrawn according to the latest US Census. Before his election to the State Senate in November 2020, Becker served seven years on the California State Workforce Development Board, and he served on the Child Care Partnership Council in San Mateo County. For more information, visit his [website](#)³.

Assemblymember Ahrens

Assemblymember Ahrens represents the residents of California’s 26th Assembly District, which includes Cupertino and many other communities within Santa Clara County. Ahrens succeeded Evan Low in the 2024 general election. Ahrens served as a Trustee on the Foothill-De Anza Community College District Board, where he led efforts to build affordable housing for faculty, staff, and students. For more information, visit his [website](#)⁴.

Information on the legislative process and how to contact Cupertino’s state and federal legislators can be found on the City’s website [here](#)⁵. Given the number of new members elected to the Legislature, a guide that highlights each new member is provided as Attachment C.

Next Steps

This memorandum completes step one of the legislative process outlined above. Step two of the process will include an update in April/May to gather Council input on pending legislation that have the potential to impact Cupertino. Modifications to the established

Exhibit A

LEGISLATIVE ADVOCACY POLICY

I. PURPOSE

The purpose of this policy is to establish guidelines regarding City legislative advocacy by the City Council.

II. BACKGROUND

The City has actively taken positions on legislation for many years through direction of the full Council and the Legislative Review Committee. On January 25, 2023, the City Council voted to dissolve the Legislative Review Committee and consider taking positions on pending legislation as a full Council.

III. POLICY STATEMENT

1. Each year staff will monitor and research pending legislation to identify bills that could significantly impact Cupertino. Staff will bring these identified bills to Council for consideration at a City Council meeting. With authorization from the full Council, City staff shall prepare position letters for the Mayor's signature. This work can be additionally supported by a contracted lobbyist, as needed.
2. In circumstances where Council review is impracticable, the City Manager can authorize staff to prepare position letters for the Mayor's signature on urgent matters. Positions must align with a policy adopted by the City Council or other clear direction provided by vote of the full Council that supports the position taken on legislation.
3. Legislative advocacy should focus on issues directly relevant to or impacting the provision of municipal services. Generally, the City will not address matters that are not pertinent to the City's local government services, such as international issues.

IV. IMPLEMENTATION

The City Manager shall monitor the provisions of this policy. City departments are encouraged to monitor and be knowledgeable of any legislative issues related to their discipline. However, any requests for the City to take positions on a legislative matter must be directed to the City Attorney's Office. City
