Resolution 18-039
Fees Effective July 1, 2018
Schedule B - Engineering

PUBLIC TREE DAMAGE OR REMOVAL FEE SCHEDULE:

This fee schedule is defined in Chapter 14.12 and establishes the fee to be paid to the City for damage to and/or removal of public trees.

1st time offenders, as defined in Chapter 14.12, shall be subject to a fee of 10% of the Public Tree Damage Fee or 10% of the Public Tree Removal Fee as defined below or \$600, whichever is higher, per public tree damaged and/or removed. No additional costs, such as stump removal, trimming, or replanting will apply.

Repeat offenders, intentional actors and professionals, as defined in Chapter 14.12, shall be subject to the following fees:

Public Tree Damage Fee:

\$100 per cumulative diameter inch of branch or root plus, if any, the actual costs incurred for immediate corrective pruning plus, if any, the calculated costs for future corrective pruning, as may be required to maintain the health of the tree.

Public Tree Removal Fee:

The fee for each tree removed shall be based upon the unmodified value of the tree removed (based upon diameter), multiplied by the species rating, multiplied by the condition rating.

$$\text{FEE} = \text{UNMODIFIED TREE VALUE} \times \text{SPECIES RATING} \times \text{CONDITION RATING}$$

For inputs, use the following values:

UNMODIFIED TREE	Refer to Unmodified Tree Value Table
SPECIES RATING	Refer to Species Rating Table
CONDITION RATING	Good = 1.00, Fair = 0.75, Poor = 0.50

The fee for trees less than 4 inches in diameter shall not be reduced by species or condition rating.

Trees larger than 40" shall have the fee determined by the most recent edition of the 'Guide for Plant Appraisal', published by the Council of Tree and Landscape Appraisers, using the trunk formula method.

No additional costs, such as stump removal, trimming or replanting will apply.

37" to 38"	\$55,958
38" to 39"	\$59,003
39" to 40"	\$62,128

Measurement shall be measured 4.5 feet above the ground level and rounded down to the nearest whole inch.

If the tree is multi-trunk, use 1.5 times the diameter of the largest trunk to determine fee.

If there is tree damage 4-5 feet above the ground, trunk diameter is to be measured 1 foot above ground level and 1 inch is to be subtracted from the diameter to determine fee.

If the tree is removed to the ground, tree inventory data will be used to determine the trunk diameter.

¹Applications may be subject to a Planning Staff Hourly Rate fee for applicable staff time, and vendor invoice. These fees apply to projects that require a level of staff support greater than the scope of work included in the regular fee schedule and will be based on the time and materials required to process the entire project. The applicant will be notified if these fees are applicable to their project.

²Housing Mitigation In-lieu Fee is based on the 2015 Nexus Study and assessed in accordance with the BMR Mitigation Housing Manual. These fees increase automatically annually (on July 6 of each year) by the Consumer Price Index of All Urban Consumers for San Francisco, CA.

An administrative fee (15%) will be charged for outside agency review/consultant services per Schedule A - General Fees.

If plans are submitted on paper, these must be sent to an outside agency for scanning. The cost of scanning the plans, plus the administrative fee per Schedule A - General Fees will be charged.

CITY OF CUPERTINO
Resolution 18-039
Fees Effective July 1, 2018
Schedule E - Recreation

Recreation classes and excursion fees shall be determined as follows:

Classes

1. Determine the maximum hourly rate paid to instructor.
2. Multiply the instructor's hourly rate by the number of class meetings.
3. Determine the minimum number of participants and divide into the instructor's cost.
4. Add indirect overhead percent - 32%.
5. Add 20% to establish non-resident fee.
6. Add cost for specialized equipment or supplies.

Special Conditions: For classes taught by contract instructors, the indirect overhead is only added to the City's percentage.

Excursions

1. Transportation cost divided by the number of participants plus overhead transfer.
2. Add 20% to establish non-resident fee.
3. Add any admission cost, supplies or leadership cost.

Additional factors that may be used to determine the class or excursion user fee:

The total number of participants in a given activity may generate additional revenue whereby the total program cost may be reduced.

Classes that traditionally have waiting lists may have the user fee increased.

Programs in competition with adjacent cities or the private sector may require fees to be increased or decreased to remain competitive.

Facility Use Fee Schedule (Staff Use Only)

CLASSIFICATIONS:

- Group 1: Cupertino-serving non-profits with 1/3 resident membership/participation, a Cupertino business address, or demonstrated service to Cupertino; government organizations; sponsored clubs; functions held by non-profits that are free and open to the Cupertino public. These organizations must show an official structure and status.
- Group 2: Non-resident non-profit recreation, education or community service organizations for functions not open to the public. These organizations must show official structure and status.
- Group 3: Cupertino Residents - Private, special interest or business groups for functions not open to the public. These functions would include parties, banquets, receptions, industrial conferences, seminars, trade shows, etc. Must show proof of 95014 residency.
- Group 4: Non-Residents - Private, special interest or business groups for functions not open to the public. These functions would include parties, banquets, receptions, industrial conferences, seminars, trade shows, etc.
