

BikeX.org

Bikes for students in need & student volunteer opportunities

What is BikeX.org?

- We take in bike donations from families like yours, refurbish them, and donate them to those in need - both to students and adults.
- Bikes provide essential transportation to work, education and health care, along with exercise.
- We train volunteers in the art of bicycle repair while refurbishing our bikes
- We sell high-end used bikes and new parts and accessories to cover operating costs.
- We're in Palo Alto down by the Bay. We've been donating bikes since 1993.

BikeX & Cupertino Schools - Bikes for Students

- We can provide bikes to students who can't afford them, as well as lights, locks and helmets.
- We're hoping to formalize relationships with schools, districts, cities and counties to identify these students, queue up right-sized bikes, and make these donations sustainable through funding.

BikeX & Cupertino Schools - Bikes for Students

- **Bike Drives:** Schools can co-host bike drives to help supply bikes we'll donate back to the school.
- **Bike Repair:** We can provide repair services to keep student bikes in good working order. A typical event costs \$1500.
- **Used Bikes for Sale:** For those who can afford a used bike, we sell refurbished used bikes with a warranty. shop.bikex.org

Volunteer & Donate

- Volunteer! Second and fourth Saturdays: bikex.eventbrite.com
- Volunteer after school, during your summers, or start a bike program at school - we can help!
- Donate your unused bikes and parts!
- Connect BikeX with school staff who are aware of kids in need
- Follow and spread the word! [@bicycle.exchange](https://www.instagram.com/bicycle.exchange) on IG, [bikex.org](https://www.facebook.com/bikex.org) on FB
