Learn to Connect Neighbors, Increase Neighborhood Safety Block Leader Training - November 6, 2012

Residents who wish to make their neighborhoods safer are invited to Block Leader Training on Tuesday, November 6 from 11:30 am - 2 pm at Cupertino Community Hall. The session is free and lunch will be provided.

The training features discussions with experienced block leaders and overviews of the city's block party, Neighborhood Watch and emergency preparedness programs. Participants will learn how to help neighbors communicate and work together on shared interests. Attendees will receive guidebooks that include sample neighborhood fliers, tips on introducing themselves to neighbors, and details on planning neighborhood gatherings.

The Block Leader Program helps build community among residents and connects the city with the neighborhoods. 370 residents volunteer as Cupertino block leaders. Each block leader communicates with an average of 25 homes. Co-leaders are encouraged. To register, e-mail communityrelations@cupertino.org or call 408.777.3331 by November 1.

Fire Safety

Each year, more than 3,500 Americans die in fires and approximately 18,300 are injured. An overwhelming number of fires occur in the home. There are many ways to keep you and your family safer this holiday season and throughout the year.

- Have a working smoke detector in strategic locations of the house. This is the best way to prevent injury and death in case of a home fire. Smoke detectors warn you and allow you to escape while there is still time. Be sure to develop an escape plan for you and your family.
- Worn or broken electrical appliances, cords, or wiring cause about half of home fires. Make it a biyearly project to check all outlets for charring or burn damage on the wall plates and check all cords especially electrical cords for fraying and signs of wear or overheating. Replace worn parts or cords promptly.
- Be careful not to overload one particular outlet.
- Use only light bulbs that match or are less than the maximum wattage posted on light fixtures. Compact fluorescent or LED bulbs not only save money, but lower fire risk as well.
- Keep drapes, clothes and other combustibles at least 3 ft away from portable heaters.
- Use 'child-proof' outlets or outlet safety plugs if small children are around the house.
- When using decorative and holiday candles always use a fireproof container. Be sure the match used to light the candle is completely out and cold before disposing of it.

If you do only one thing to prepare this month: Change your batteries in your smoke detectors to assure your family is safe.

by Gail Fretwell-Hugger

Autumn is here....my favorite months. Thanksgiving is coming and the days are shorter, the air is crisp, trees are turning color and the sun is lower - lighting up leaves of red, gold, orange, amber, yellow, brown. California didn't have many fall color trees until folks from the midwest, east and south migrated out here and missed their multi-colored trees. Many overland pioneers brought little slips and starters of their favorite plants.

October was the month to venture over to Half Moon Bay - pumpkins EVERYWHERE! If you bought a pumpkin or two, now what to do with them after trick'n'treating is over. One of my favorite cookbooks is the Southern Heritage Pies and Pastry Cookbook. Yummy Fall recipes combined with historical pictures and stories about where or with whom the recipes originated - pictures of old fashioned kitchens, farms, and historical people in period dress. There are even recipes for green tomato pie and James K. Polk's Vinegar Pie and Ozark Sorghum-Molasses Pie. Most of the recipes are more mainstream and while I haven't made them all, I fantasize about baking from one end of the book to the other.

Some favorite fall books for children are Pumpkin Moonshine by Tasha Tudor and Mousekin's Golden House by Edna Miller.

Years ago, when our area was dotted with farms like much of the rest of the country, people raised most of the things that went on the table. Now we run to big box stores, the many ethnic markets, specialty grocery

stores and farmer's markets for foods that our forbears would be amazed to see - and see them all year round.

Our American holiday of Thanksgiving celebrates the Pilgrims and others who endured incredible hardships to come to the New World, seeking religious and political freedom. They wanted their children to remember all the sacrifices, hardship and sufferings that they had passed through with the help of God and from early

Native Americans. In New England it was the custom at Thanksgiving time to place 5 kernels of corn at every plate as a reminder of those stern days in the first winter when the food of the Pilgrims was so depleted that only 5 kernels of corn were rationed to each individual at a time. Nearly half of the Pilgrims died that first winter and the captain of the Mayflower begged the remaining settlers to return to England when the ship was readied in the spring. They declined and the ship sailed with only the crew on board.

Books for children on Thanksgiving include A Day of Thanksgiving by Ruth Roquitte; Squanto, Friend of the Pilgrims by Clyde R. Bulla; and Pilgrim Voices: Our First Year in the New World edited by Connie and Peter Roop.

Happy Thanksgiving to all in Cupertino!

We have much to be thankful for - not only in our community but for the brave souls who through the years, have sacrificed and continue to do so, to keep us a free country.

Thanksgiving Holiday Will Affect Garbage Pickup Dates

Due to the Thanksgiving holiday, Recology collection services scheduled on Thursday and Friday, November 22 and 23 will be delayed by one day. Garbage and recycling normally collected on Thursday that week will have pickup on Friday, November 23. Those with services on Friday will have pickup on Saturday, November 24. For more info, call Recology at 408.725.4020.

Comment on DRAFT Reusable Bag Ordinance

Cupertino is joining other cities in considering a Reusable Bag Ordinance. The proposed ordinance would prohibit the distribution of free plastic single-use carry-out bags and would require all retail establishments located within Cupertino (except non-profit charitable reuse organizations and restaurants) to charge a small fee for paper bags or for durable plastic carryout bags designed for multiple reuse. The proposed ordinance was drafted for region-wide use by the San Mateo County Health Department to incentivize customers to bring their own reusable shopping bags, stop unnecessary waste, and reduce litter that is harmful to aquatic life. The ordinance would not prohibit the distribution of free plastic bags provided in grocery stores and produce markets to bag fresh fruit, vegetables and meat. There would also not be any restriction on the free distribution of small plastic bags for greeting cards and for medical prescriptions. Cupertino's draft ordinance will likely be very similar to San Mateo County Health Department's proposed ordinance and related information at www.smchealth.org/bagban. Cupertino's draft ordinance is not planned to be heard by the City Council before January 2013 and if approved would not likely become effective before October 2013 to allow for adequate public education and preparation. Please submit comments and questions to environmental@cupertino.org.

- Are you participating in the City's Recycling, Compostable & HHW Collection Programs?

Two years ago, Recology and the City of Cupertino rolled out new recycling, food waste/compostable, and household hazardous waste (HHW) collection programs.

While many residents are participating in these programs, we encourage more residents to utilize these programs. Compostable Recycling Program - Food scraps and food-soiled paper should be placed in the yardwaste container to be "recycled" into compost. Collect food scraps and paper items in the kitchen pitcher provided by Recology or use another kitchen container to store the scraps before transferring them to the yard waste cart for weekly collection. To guard against odor, bugs, rodents and overall mess in your yard waste cart, wrap food scraps in a paper bag, newspaper, paper towel, or a compostable bag, before putting them into the yard waste cart. Paper products not only absorb moisture and odor, they compost nicely. Please do not place your food waste in a plastic bag. Plastic will clog up the processing equipment. Also, please keep your yard waste container lid closed.

Cooking Oil – Place cooking oil, in a 1-gallon clear plastic container with a closed screw-top lid, for collection on regularly scheduled service days.

Household Hazardous Waste Collection Program- Call WM At Your Door Special Collection 800.449.7587, or visit www.wmatyourdoor.com, to make an appointment for residential pickup of electronic waste, sharps and household chemicals, such as household cleansers, paint, fertilizers, mercury thermometers, propane tanks, paint and pool and spa chemicals. America Recycles Day Almost Everything Can Be Recycled or Composted

On America Recycles Day, November 15, millions of people will learn about recycling, commit to increasing their recycling activities, or plan to purchase more products made from recycled materials. America Recycles Day reminds Americans of our nation's bountiful resources and of our personal responsibility as stewards to care for those resources.

In the spirit of America Recycles Day:

Reduce

When shopping, avoid over-packaged goods and buy in bulk if possible.

Reuse – Avoid single-use throwaway products when a durable, reusable alternative is available. Donate items that are still useful. Bring your own reusable shopping bag. One reusable shopping bag can replace hundreds of single-use bags over its lifetime.

Recycle – Buy recycled content products. Increase recycling efforts at home, school and work.

Rethink– Your attitude and actions can make a world of difference. Let's each do our part. In Cupertino almost everything can be recycled or composted.

- Visit the Recycling Hotline at www.recyclestuff.org to find places

to recycle and reuse stuff.

Winter Woodburning Tips

The burning of wood in fireplaces and woodstoves is a major source of air pollution during the winter months. Wood fires contribute up to one-third of the particulate matter in the air on cold, still winter nights, which is a health concern especially for children, seniors and people with respiratory problems. During the Winter Months please don't burn wood during Spare the Air Alerts. It is illegal to burn wood, firelogs or pellets in your fireplace, woodstove, or outdoor firepit on days for which the Air District issues a Spare the Air Alert. Sign up for email and/or automatic phone alerts and find out if there is a Spare the Air Alert, by visiting www.sparetheair.org.

Santa Visits at Your Home

You hear the sound of jingle bells, who could it be? It is Santa Claus and his little helper at your door! Santa and his elf will make a special surprise appearance at your home to visit your child and any other children you might invite on this special night.

Santa can spend 15 minutes at each home. He has a very busy schedule that requires his time all around the world.

Santa can:

- 🎁 listen to the children's wish list
- 📷 pose for photos
- 🍭 hand out candy canes to each registered child.

Fee: \$40 per household. Cupertino residents only.
Location: Your home

Santa Clara County Registrar of Voters Launches SCCVOTE Mobile App

The Santa Clara County Registrar of Voters' Office has launched SCCVOTE, a mobile app for iPhone®/iPad® and Android™ mobile devices. The SCCVOTE app is an easy and convenient way for voters in Santa Clara County to access the information they need to help them vote in the upcoming November 6 Presidential General Election. The app is free to download from the App StoreSM and Google PlayTM.

The SCCVOTE app offers such features as: Voter registration information, including current voter registration address; Voter Information & Sample Ballot Pamphlet, which contains information about candidates, measures on the ballot, Sample Ballot, District Look Up, Vote By Mail Tracking, and location of assigned polling place (with driving directions).

"Voting is vitally important, and one way to enhance the voting experience is through the use of innovative and effective technology", said Barry Garner, Registrar of Voters. "We're in Silicon Valley, a leader in innovation, so it's fitting that we look at new and efficient ways of delivering service. One of those ways is to move from a paper-based system to a paperless system. Voters should have non-partisan, essential voting information in the palm of their hand, at their fingertips," continued Garner.
