COVID-19 Response Update

The City of Cupertino continues to monitor the effects of COVID-19 as the safety of our residents, staff, and visitors remains our highest priority. The following information regards the City's response to the latest recommendations from the County of Santa Clara Public Health Department. For more information, visit cupertino.org/coronavirus.

New

County of Santa Clara Moves to the Red Tier (Tier 2) on State's New COVID-19 Framework

The State of California announced that Santa Clara County has been moved from the Purple Tier (Tier 1) to the Red Tier (Tier 2) on the State's new COVID-19 blueprint. Counties assigned to the Red Tier are still experiencing "substantial spread" of COVID-19. However, the State's framework allows counties moving from the Purple to Red Tier to reopen indoor operations at some additional businesses and allows certain activities to resume, so long as appropriate protocols and protective measures are strictly followed.

The following businesses and activities are now allowed to resume under the State's framework as well as the County's Risk Reduction Order. Businesses and activities must be in compliance with all industry-specific mandatory directives set forth by the County and State, including having a Social Distancing Protocol on file and displayed.

- Schools: K-12 schools can open after the County has been in the Red Tier for 14 days. All schools must follow mandatory guidance set by the County of Santa Clara and the State of California
- Personal care services: allowed to open indoors with modifications
- Museums, zoos, aquariums: allowed to open indoors at 25% capacity
- Gyms and fitness centers: allowed to open indoors at 10% capacity
- Shopping malls: allowed to open indoors at 50% capacity (previously open at 25% capacity)

-more-

Hair salons and barbershops were previously allowed to open indoors with reduced capacity as of August 31. Indoor dining, indoor movie theaters, and indoor gatherings remain prohibited in Santa Clara County under the local Risk Reduction Order. Other activities that the County had previously allowed but the State had prohibited can now resume. The stricter of the State or local order always controls.

Santa Clara County was originally placed in the most restrictive Purple Tier along with most other counties when the State switched from the monitoring list system to its current color-coded tier framework on August 28. The move to the Red Tier was based on daily case rates and test positivity. The State framework gives counties credit toward their case rate if they test more people than the state average. Using this calculation, the high number of tests performed in our area gave Santa Clara County a significant credit, allowing the County to move to the Red Tier.

If these metrics continue to improve, the County would be eligible to move forward in the framework to a less restrictive tier after three weeks. If these metrics worsen, the County would revert into a more restrictive tier as soon as two weeks from now. For more information about the State framework, visit [covid19.ca.gov](https://www.covid19.ca.gov). Mornings with the Manager: Let's Discuss Emergency Preparedness

Join City Manager Deb Feng and Emergency Services Coordinator Tom Chin for this casual, virtual meeting to discuss and ask questions about emergency preparedness. Learn how the Office of Emergency Services has responded to the wildfires and ongoing COVID-19 pandemic, and what you can do to keep you and your family safe. Read more about emergency preparedness at [ready.gov](https://www.ready.gov).

The event will take place on Friday, September 18 from 8:30 a.m. to 9:30 a.m. Submit your questions ahead of time to pio@cupertino.org
